Notes for completing this form:

- A superseded planning scheme, for a planning scheme area, is a planning scheme together with related planning scheme policies, that was in effect immediately before any of the following events (a planning change) happens -,
 - the planning scheme was amended or replaced;
 - any of the planning scheme policies were amended, replaced or repealed;
 - > a new planning scheme policy was made for the planning scheme.
- The local government must decide whether or not to agree to the superseded planning scheme request within 30 business days of receiving the request. This period may be extended by the local government if the person making the request agrees, in writing to the extension before the period ends. If the local government does not decide the request within the relevant timeframes, then it is taken to have agreed to the request.
- A person may, within 1 year after the planning scheme and related policies become a superseded scheme, make a
 written superseded planning scheme request in relation to the superseded planning scheme. If the local government
 agrees that a development application or request for compliance assessment may be made under the superseded
 planning scheme, the application or request must be made within 6 months after the day the person is given or was
 entitled to be given, notice of the decision.
- The assessment manager must assess a superseded planning scheme application as if the superseded planning scheme was in effect instead of the planning scheme and any related planning scheme policies.
