## PART 9 - NOOSA HEADS LOCALITY PLAN

## Division 1—Contents of the Noosa Heads Locality Plan

#### 9.1 Outline of Noosa Heads Locality Plan

The following components comprise the Noosa Heads Locality Plan-

- 9.1.1 Locality maps consisting of<sup>1</sup>
  - a) Noosa Heads Zones (Map ZM6);
  - b) Noosa Heads Biodiversity Overlay (Map OM6.1);
  - c) Noosa Heads Heritage Overlay (Map OM6.2);
  - d) Noosa Heads Natural Hazard Overlay Landslide and Flooding (Map OM6.3);
  - e) Noosa Heads Natural Hazard Overlay Bushfire and Acid Sulfate Soils (Map OM6.4); and
  - f) Noosa Heads Natural Resources Overlay (Map OM6.5);
- 9.1.2 Assessment tables for material change of use in each zone in the locality as follows
  - a) Detached Housing Zone (Division 3);
  - b) Semi-Attached Housing Zone (Division 4);
  - c) Attached Housing Zone (Division 5);
  - d) Visitor Mixed Use Zone (Division 6);
  - e) Neighbourhood Centre Zone (Division 7);
  - f) Business Centre Zone (Division 8);
  - g) Community Services Zone (Division 9);
  - h) Open Space Recreation Zone (Division 10); and
  - i) Open Space Conservation Zone (Division 11);
- 9.1.3 Assessment table for the locality Development other than material change of use (Division 12); and
- 9.1.4 The Noosa Heads Locality Code comprising
  - a) General provisions for the Noosa Heads Locality Code (Division 13);
  - b) Overall outcomes for the Noosa Heads Locality (Division 14);
  - c) Specific outcomes for the Noosa Heads Locality (Division 15);
  - d) Specific outcomes for each zone in the locality including-

<sup>&</sup>lt;sup>1</sup> The relevant overlay codes relating to the overlay maps are located in Part 13.

- 9.1.5 Detached Housing Zone (Division 16);
  - a) Semi-Attached Housing Zone (Division 17);
  - b) Attached Housing Zone (Division 18);
  - c) Visitor Mixed Use Zone (Division 19);
  - d) Neighbourhood Centre Zone (Division 20);
  - e) Business Centre Zone (Division 21);
  - f) Community Services Zone (Division 22);
  - g) Open Space Recreation Zone (Division 23); and
  - h) Open Space Conservation Zone (Division 24).

## Division 2—General provisions for assessment tables

#### 9.2 Categories of development and assessment

The categories of development and assessment for each type of development are identified in column 2 of tables 9.1 to 9.10. The types of development are as follows—

- 9.2.1 Tables 9.1 to 9.9 making a material change of use for a defined use, or another use in a defined use class, listed in column 1; or
- 9.2.2 Table 9.10 –development other than a material change of use, listed in column 1 and including
  - a) Carrying out building work not associated with a material change of use;
  - b) Carrying out building work if demolition, relocation or removal of a building and not associated with a material change of use;
  - c) Placing an advertising device on premises;
  - d) Reconfiguring a lot;
  - e) Carrying out operational work associated with a material change of use where a Development Permit for material change of use has been issued;
  - f) Carrying out operational work associated with reconfiguring a lot where a Development Permit for reconfiguring a lot has been issued;
  - g) Carrying out operational works for the construction of a driveway for a **Detached house**;
  - h) Carrying out operational works for prescribed tidal works;
  - i) Excavating or filling of land not associated with a material change of use; and
  - j) Other.

# 9.3 Assessment benchmarks for assessable development and requirements for accepted development

- 9.3.1 The relevant assessment benchmarks in each zone are referred to in column 3 of Tables 9.1 to 9.9.
- 9.3.2 For accepted development subject to requirements and development requiring code assessment, the relevant assessment benchmarks and requirements for accepted development are the applicable codes<sup>2</sup>.
- 9.3.3 For *Impact assessment* development, the development is assessed against the whole planning scheme.

#### 9.4 Consistent and inconsistent uses in zones

- 9.4.1 In accordance with the following sections identified for the respective zones, a defined use or use class is noted in column 1 of the assessment table for making a material change of use for the relevant zone either as a consistent use or an inconsistent use in that zone
  - a) Division 16 Detached Housing Zone (Sections 9.11 and 9.12);
  - b) Division 17 Semi-Attached Housing Zone (Sections 9.14 and 9.15);
  - c) Division 18 Attached Housing Zone (Sections 9.18 and 9.19);
  - d) Division 19 Visitor Mixed Use Zone (Sections 9.22 and 9.23);
  - e) Division 20 Neighbourhood Centre Zone (Sections 9.26 and 9.27);
  - f) Division 21 Business Centre Zone (Sections 9.30 and 9.31);
  - g) Division 22 Community Services Zone (Sections 9.34 and 9.35);
  - h) Division 23 Open Space Recreation Zone (Sections 9.38 and 9.39); and
  - i) Division 24 Open Space Conservation Zone (Sections 9.42 and 9.43).

## Division 3—Assessment table for the Detached Housing Zone<sup>3</sup>

#### Table 9.1

#### CATEGORIES OF DEVELOPMENT AND ASSESSMENT FOR THE DETACHED HOUSING ZONE - MAKING A MATERIAL CHANGE OF USE<sup>4</sup>

Column 1	Column 2	Column 3
Defined use or use	Categories of development and	Assessment benchmarks for
class <sup>5</sup>	assessment	assessable development <sup>6</sup> and
		requirements for accepted
		development
AGRICULTURAL USES	<u> </u>	

<sup>&</sup>lt;sup>2</sup>Assessment benchmarks will include matters prescribed by Sections 3.5.4 (Code Assessment) and 3.5.5 (Impact Assessment) of *IPA* in addition to the provisions of this planning scheme.

<sup>&</sup>lt;sup>3</sup> The level of assessment indicated within this assessment table may be affected by Division 2 of the Regulatory Provisions of the SEQ Regional Plan. Further, development and assessment categories may be affected by overlays. See overlay maps (OM9.1- OM9.5) and the provisions of Part 13 to determine whether the land is affected. Also see Part 2 Section 2.6.4 explaining how the higher category of development and assessment prevails.

<sup>&</sup>lt;sup>4</sup> For development other than material change of use refer to assessment table 9.10 (Division 12)

<sup>&</sup>lt;sup>5</sup> Refer to Part 2, Section 2.11 Dictionary for definitions

Column 1 Defined use or use class <sup>5</sup>	Column 2 Categories of development and assessment	Column 3 Assessment benchmarks for assessable development <sup>6</sup> and requirements for accepted development

## Division 13—General provisions for the Noosa Heads Locality Code

## 9.5 Noosa Heads Locality Code

The following provisions comprise the Noosa Heads Locality Code—

- 9.5.1 compliance with the Noosa Heads Locality Code (Section 9.7);
- 9.5.2 overall outcomes for the Noosa Heads Locality, including for each zone in the locality (Division 14);
- 9.5.3 specific outcomes and probable solutions for the Noosa Heads Locality (Division 15); and
- 9.5.4 specific outcomes and probable solutions for each zone in the Noosa Heads Locality (Divisions 16 to 24).

## 9.6 Compliance with the Noosa Heads Locality Code

Development complies with the Noosa Heads Locality Code if it—

- 9.6.1 fulfils the specific outcomes for the locality in Division 15; and
- 9.6.2 is a consistent use and fulfils the specific outcomes for the relevant zones (Divisions 16 to 24).

## Division 14—Overall outcomes for the Noosa Heads Locality.

## 9.7 Overall outcomes for the Noosa Heads Locality.

9.7.1 The overall outcomes are the purpose of the Noosa Heads Locality Code.

- 9.7.2 The overall outcomes sought for the Noosa Heads Locality are the following
  - a) New uses and works are located, designed and managed to
    - i. be compatible with other uses and works;
    - ii. maintain the safety of people and works;
    - iii. avoid significant adverse impacts on the amenity enjoyed by users of other premises, including acoustic and visual qualities; and
    - iv. avoid significant adverse effects on the natural environment;
  - b) Development is consistent with the Priority Infrastructure Plan in Part 15.
  - c) Urban development within the locality is limited to lands within the Urban Footprint as shown on Map ZM6;
  - d) The Noosa Heads locality is situated in the eastern part of Noosa and is bounded by
    - i. the Noosa River and Laguna Bay in the north and north-west;
    - ii. the Pacific Ocean in the east;
    - iii. Noosa National Park in the east and south;
    - iv. Weyba Creek in the west; and
    - v. Lake Weyba in the south;
  - e) Land having environmental and cultural heritage values is protected and maintained for future generations, including
    - i. Noosa National Park and Keyser Island and Weyba Creek conservation parks;
    - ii. the vegetated hills that frame Noosa Heads, Laguna Bay, Noosa Inlet and Hastings Street;
    - iii. Noosa Spit, Noosa Woods, the beaches and foredunes;
    - iv. foreshore areas along Noosa River, Lake Weyba, Weyba Creek and their associated riparian communities;
    - v. Lions Park and Weyba Park;
    - vi. the koala corridor between the various parts of the Noosa National Park and vegetation stands around Lake Weyba;
    - vii. vegetated *drainage lines* through residential estates;
    - viii. private land with native vegetation communities; and
    - ix. heathland areas of Girraween Estate;
  - f) The locality's landform is maintained as part of a complex system of lowlands draining to the Noosa River system, and elevated land and rocky headland of Noosa Heads;
  - g) Noosa Hill is maintained as the predominant landscape feature of the locality forming the skyline and backdrop for much of the residential and visitor neighbourhoods;
  - h) Key vegetated landscapes are protected including-

- i. significant stands of vegetation in the conservation reserves and in areas that are poorly drained or on very steep or inaccessible land;
- ii. mangroves that fringe many of the watercourses, including remnant stands in Noosa Inlet and along Weyba Creek;
- iii. melaleuca stands, which were once common in the floodplain areas, now mainly confined to public lands;
- iv. remnant rainforest stands in the conservation reserves and in the gullies associated with the headland;
- v. heath and sedge lands that fringe many of the watercourses associated with significant peat beds in the east of the locality;
- vi. the area between Noosa National Park and the vegetation stands around Lake Weyba comprising part of a significant koala habitat corridor;
- i) The locality provides substantial commercial, retail and administrative services with two main business centres at Hastings Street and Noosa Junction;
- j) The locality is well serviced by urban infrastructure;
- k) The two business centres are designed to cater for the different needs of visitors as well as local residents;
- Noosa Heads is the principal focus for visitor accommodation and services in Noosa;
- m) Hastings Street accommodates a high proportion of entertainment and dining premises providing interest for visitors;
- n) The natural landscape and watercourses of the locality strongly influence the location of road systems, resulting in some areas having limited accessibility;
- o) Provision is made for public transport, including the river ferry and buses, walking and cycling;
- Access and convenience is maintained to significant open space and recreation opportunities including the natural features of the beach, Noosa River and Noosa National Park;
- q) Noosa National Park, Main Beach, surf off the headlands, Hastings Street and Noosa Junction are key visitor attractions;
- Noosa Heads provides for various smaller communities defined by topography and age of development;
- s) Noosa Hill and Cooloola Estate maintain good access to the commercial and recreational opportunities of Hastings Street and Noosa Junction;
- Detached houses dominate Cooloola Hill and much of Noosa Hill provides for units or resort complexes;
- u) Noosa Sound has access to Hastings Street, Noosa River and Quamby Place and is dominated by detached housing fronting the water where located on a canal;
- v) A neighbourhood centre at Quamby Place provides low level goods and services for nearby residents and visitors including restaurants;
- w) The jetty at Quamby Place provides access to the Noosa River and the ferry;
- x) Little Cove maintains a well vegetated setting with access to Noosa National Park, Hastings Street and the beach;

- y) Development in Little Cove is not visually exposed and buildings represent a cross section of ages and styles;
- z) Noosa Springs is a gated residential estate focused on a golf course and associated recreation and social opportunities;
- aa) Noosa Springs is expected to expand with significant visitor accommodation and sporting and recreational facilities;
- bb) Noosa Heads remains a primary focus for **Visitor accommodation** and associated services in Noosa;
- Development in Noosa Heads recognises and reinforces the close correlation between the natural character of the area and its attractiveness to residents and visitors;
- dd) Hastings Street's character of low rise *buildings*, vibrant pedestrian friendly streetscape, mix of indoor and outdoor activities, diverse dining opportunities, specialty **Retail businesses** and pedestrian links to Main Beach is maintained;
- ee) Hastings Street and Noosa Junction contain a range of **entertainment and dining businesses** and venues that operate into the evenings and include live music which creates a vibrant atmosphere;
- Resident populations are accommodated in both detached and attached housing with high levels of residential amenity and high levels of convenience, accessibility and services;
- gg) The locality provides for a range of **Community Uses**, which contribute to Noosa's economy and employment base;
- hh) Sunshine Beach Road, Eenie Creek Road, Noosa Drive and Weyba Road continue to provide a good standard of access for through traffic as part of Noosa's *major road network*;
- ii) A public transport node is located within the locality and links public transport services to other centres throughout the Sunshine Coast and beyond;
- jj) Key recreation focal points, including Noosa National Park, Noosa River foreshore and mouth, Noosa Main Beach and Lion's Park are protected for residents and visitors;
- kk) Water quality in the *watercourses* of the Noosa Heads Locality are maintained at high standards;
- II) Areas of native remnant and regrowth vegetation, including their biodiversity and habitat values are protected;
- mm) Substantial key sites are protected for resort developments, which focus on Noosa's natural low key outdoor appeal and cultural values;
- nn) For the Detached Housing Zone—Detached housing prevails which maintains
  - i. a low impact, low density development form of domestic scale;
  - ii. a high level of residential amenity;
  - iii. allotment sizes and densities which are consistent with the character of the particular neighbourhood;
  - iv. building styles befitting the character of the locality and which respond to, and are integrated with, site characteristics including slope, *vegetation* and water frontage where applicable; and

- v. landscaping amongst buildings, retaining trees and vegetation wherever practivcal;
- oo) For the **Semi-Attached Housing Zone**—residents are accommodated in detached housing or semi-attached housing forms that
  - i. offer a high level of residential amenity, design quality and safety;
  - ii. and respect the domestic scale of surrounding detached housing;
- pp) For the **Attached Housing Zone**—residents and visitors are accommodated in predominantly **Multiple housing** forms that
  - iii. offer a high level of residential amenity, design quality and safety; and
  - iv. respect the scale and character of the streetscape and surrounding development;
- qq) For the Visitor Mixed Use Zone-development
  - i. comprises small business outlets with individual character
  - ii. comprises residential development that includes a mixture of building sizes and are designed for **Visitor accommodation**, are setback from the street and beach frontages and have a landscaped character consistent with the street landscaping themes;
  - ii. contributes to a high level of residential amenity, design quality, landscape quality and safety;
  - iii. respects the scale and character of the streetscape and surrounding development;
  - iv. enhances the traditional focus for **Visitor accommodation** in the coastal part of Noosa;
  - v. incorporates Entertainment and dining businesses, Retail businesses and Commercial businesses that are of particular interest to visitors;
  - vi. contributes to the economy of Noosa through the tourism and hospitality sectors; and integrates with nearby public recreation and landscaped carparking areas;
- rr) The Noosa River and foreshores are protected from the cumulative impacts of development and activities and are protected in a way that promotes and provides for low impact nature-based recreation activities in and around the Noosa River over other forms of recreation.
- ss) For the **Neighbourhood Centre Zone**—The Quamby Place Neighbourhood Centre
  - i. forms a focal point for the local community and visitors, provides services and facilities to meet their day-to-day needs
  - ii. provides **Business Uses** that respect the existing residential amenity of visitors and residents within and surrounding the development; and
  - iii. provides **Business Uses** that are of a scale and character consistent with the locality and Noosa's retail hierarchy;
- tt) For the Business Centre Zone, the Noosa Junction Business Centre
  - i accommodates significant **Retail business**, **Commercial business**, **Entertainment and dining business**, and **Community Uses** that provide

residents and visitors with a range of goods and services including some higher order services; and

- ii accommodates uses that do not detract from the role of the Shire Business Centre as the principal business centre for Noosa;
- iii development results in an improved streetscape and landscape treatments and improved accessibility to buildings; and
- iv incorporates a mix of business uses and upper level employee housing which reduces commuting pressures and creates a vibrant environment with opportunities for both day and night time casual surveillance; and
- uu) For the Community Services Zone—land for Community Uses and Infrastructure Uses
  - i is protected and managed to enable the efficient and timely delivery of such uses;
  - ii provides for the infrastructure, indoor recreation, education, social and safety needs of the local community, including people with special needs, such as the elderly, children, low-income earners and disabled persons; and
  - iii includes housing and short term accommodation for people with special needs such as the elderly and budget travellers;
- vv) For the **Open Space Recreation Zone**—areas of open space contribute to the desired lifestyle of residents by offering a variety of passive and active recreational experiences that are conducive to community interaction and wellbeing; and
- ww) For the **Open Space Conservation Zone**—natural environmental values of high order and warranting conservation status are
  - i protected for their importance in contributing to *ecological sustainability* including maintenance of water quality and provision of habitat and open space linkages; and
  - ii appropriately managed to the general exclusion of development or any further subdivision of freehold lots.

## Division 15—Specific Outcomes and Probable Solutions for the Noosa Heads Locality

#### Table 9.11

column 1 Specific Outcomes	column 2 Probable solutions
9.8 Effects of use	
<b>Amenity</b> O1 Uses are located, designed and operated to avoid significant adverse changes to the light, air quality, noise, accessibility, or other conditions enjoyed by users of associated, adjoining or nearby uses.	No solution provided.
Major road network O2 The visual amenity and character surrounding the major road network, including Sunshine Beach Road, Eenie Creek Road, Noosa Drive and Noosa Parade, is protected and enhances the entrances to Noosa Heads through—	No solution provided.

	oolumn 1	oolumn 2
	column 1 Specific Outcomes	column 2 Probable solutions
a)	retaining and enhancing the visual and	
	physical separation of Noosa Heads from	
	neighbouring localities;	
b)	ensuring future development does not	
	encroach upon existing vegetation within the	
	road reserve; and	
c)	utilising dense landscaping and earth	
	mounding (rather than fencing and walls) for	
AND	visual screening and noise attenuation;	
<b>O</b> 3	Development generates traffic demands that	
	consistent with the future capacity of the road	
netw		
	nic vistas	
04	Aesthetic and cultural values of the natural	No solution provided.
	scape are maintained through protecting	
	ortant scenic vistas—	
a)	from the streets, beaches and other public	
<b>b</b> )	spaces;	
b)	to the ocean, river, coastal lowlands and the vegetated backdrop of Noosa Hill;	
c)	within Little Cove– vistas over Laguna Bay	
0)	and to the Noosa National Park and the	
	vegetation stands, part of the hills and sand	
	dunes;	
d)	within Cooloola and Weyba Park Estates-	
	the scenic view of Noosa National Park and	
	Weyba Creek; and	
e)	within Noosa Sound– vistas across Noosa	
Mah	River. ile business uses	
05	Business Uses located within the road	No solution provided.
	rve or on the beach (particularly in the vicinity	
	astings Street, Noosa Main Beach and Noosa	
	onal Park) offer goods and services that	
	tly benefit visitors and complement the range	
	sitor experiences available in the locality, such	
	obile food vendors and learn to surf classes.

	Detached Housing Zone, does not exceed—	
	i for a single storey building - 50%; or	
	ii for a building of 2 or more storeys - 50%	
	on the ground floor and 30% for the	
	upper storey(s), or 40% for all storeys for	
b)	a building of 2 or more storeys; for other classes within the Detached House	
5)	Zone does not exceed 40%;	
C)	for the Semi-Attached Housing Zone does not	
,	exceed 40%;	
L	· · · · · · · · · · · · · · · · · · ·	

column 1	column 2
Specific Outcomes	Probable solutions
<ul> <li>d) for the Attached Housing Zone does not exceed 40%; or</li> <li>e) for the Visitor Mixed Use Zone does not exceed 45%.</li> </ul>	
<i>O11</i> For <b>Multiple housing Type 2</b> , buildings have a maximum <i>plot ratio</i> of 0.45:1.	
<b>O12</b> For Multiple housing Type 3 or 4, Visitor accommodation Type 4 and the accommodation unit component of an Entertainment and dining business Type 3 (hotel)—the maximum a gross floor area is equivalent to the maximum allowable population in persons multiplied by 40m <sup>2</sup> .	
<b>013</b> For the Visitor Mixed Use Zone the maximum a <i>gross floor area</i> is equivalent to the maximum allowable population in persons multiplied by 40m <sup>2</sup> , provided that <i>gross floor area</i> does not exceed a total of 13,600m <sup>2</sup> .	
<ul> <li>O14 For the Neighbourhood Centre Zone and the Business Centre Zone, the maximum plot ratio does not exceed –</li> <li>a) 0.8:1 for the first 2,000m<sup>2</sup> of site area; plus</li> <li>b) 0.3:1 for the balance of the site area in excess of 2,000m<sup>2</sup>.</li> </ul>	
Roof form	
<ul> <li>O15 Roof forms—</li> <li>a) contribute positively to the local skyline;</li> <li>b) complement the character of the locality;</li> <li>c) use soft and articulated, pitched, skillion or curved roof forms;</li> <li>d) avoid low pitched (eg. less than 5 degrees)</li> </ul>	<b>S15.1</b> The main roof of the <i>building</i> has a <i>roof pitch</i> no less than 5 degrees and has minimum 600mm eaves to at least 75% of the perimeter of the <i>building</i> ; AND <b>S15.2</b> <i>Buildings</i> and <i>structures</i> do not include
<ul> <li>or box profiles/parapets; and</li> <li>do not create opportunities for residents to overlook the <i>private open space</i> areas of neighbouring properties.</li> </ul>	roof top terraces.
Flooding and drainage <sup>58</sup>	
<ul> <li>O16 Buildings and other works are designed and sited to—</li> <li>a) provide flood free access to premises and flood free habitable areas;</li> </ul>	<b>S16.1</b> For new <i>buildings</i> or <i>structures</i> or additions of more than 50m <sup>2</sup> gross floor area to an existing building or structure, floor levels for <i>habitable rooms</i> are not less than the
b) allow only minor, short term and infrequent	specified minimum floor levels;
<ul><li>flooding of non-habitable areas;</li><li>c) ensure carparking areas can be adequately drained;</li></ul>	AND <b>S16.2</b> Where Council infrastructure is available—
d) ensure drainage does not adversely impact	a) any drainage (from buildings and land)
<ul> <li>upon other premises; and</li> <li>e) ensure filling or excavation does not adversely impact upon other premises by—</li> <li>i. causing ponding of water on the <i>site</i> or nearby land;</li> </ul>	flows to that infrastructure; and b) the infrastructure has the capacity to accept any additional loading. AND S16.3 For Residential Uses—

<sup>&</sup>lt;sup>58</sup> Information on minimum floor levels and flood levels for some parts of the Shire is available from Council. These provisions are not limited to areas shown as Flood Hazard Areas on overlay maps OM1.3-9.3.

column 1 Specific Outcomes	column 2 Probable solutions
<ul> <li>ii. increasing flooding, which adversely affects the safety or use of any land upstream and downstream; and</li> <li>iii. adversely affecting the flow of water in any overland flow path.</li> </ul>	<ul> <li>a) where slab on ground construction is used, filling does not extend more than 1m beyond the building footprint and access to car parking areas, measured from the outer walls of the building; or</li> </ul>
	<ul> <li>b) the design consists of a suspended floor construction;</li> <li>AND</li> <li>S16.4 Car parking and maneuvering areas are constructed at a level that permits the parking area to drain from the site by gravity means, without the need for mechanical pumping; or</li> <li>S16.5 Basements for residential uses have flood immunity above the 1%AEP defined flood event where alternative means to mechanical pumping are used to achieve such immunity; or</li> <li>S16.6 Basements for non-residential uses have flood immunity above the 1%AEP defined such immunity; or</li> <li>S16.6 Basements for non-residential uses have flood immunity above the 1%AEP defined flood event that may be achieved by means of mechanical pumping where the mechanical feature is installed with adequate holding tanks and an alternative back up power source.</li> </ul>
<ul> <li>Sloping sites and ridgelines</li> <li>O17 Development on sloping sites— <ul> <li>a) is responsive to the natural topography of the site and minimises cut and fill;</li> <li>b) does not visually dominate the hill slope or interrupt the skyline;</li> <li>c) is integrated with the natural site characteristics including vegetation; and</li> <li>d) for Multiple housing, takes the form of small separate buildings;</li> </ul> </li> </ul>	<ul> <li>S17.1 Buildings and associated access ways are not constructed on land with a slope greater than 1 in 4 (25%);</li> <li>AND</li> <li>S17.2 Buildings are of split level design that step down the slope or have a suspended floor construction;</li> <li>AND</li> <li>S17.3 Cut or fill is less than 2m in depth;</li> <li>AND</li> </ul>
<ul> <li>AND</li> <li>O18 On steep slopes or ridgelines which are visible from the major road network, areas of public open space, the Noosa River or the beaches— <ul> <li>a) new buildings and structures including outbuildings, are designed so as not to dominate or detract from the scenic and environmental qualities of the site and its setting; and</li> <li>b) the external colour scheme of buildings is designed to blend with the natural elements o its surroundings.</li> </ul> </li> <li>Public transport node</li> </ul>	S17.4 The distance between the ground and the lowest part of the floor of the building does not exceed 3m to avoid large under building areas;         AND         S17.5 Buildings do not present as more storeys than is allowed in the relevant zone.
