

# PART 7 - EASTERN BEACHES LOCALITY PLAN

## *Division 1—Contents of the Eastern Beaches Locality Plan*

### 7.1 Outline of Eastern Beaches Locality Plan

The following components comprise the Eastern Beaches Locality Plan—

#### 7.1.1 Locality maps comprising of<sup>1</sup>—

- a) Eastern Beaches Zones (Map ZM4);
- b) Eastern Beaches Biodiversity Overlay (Map OM4.1);
- c) Eastern Beaches Heritage Overlay (Map OM4.2);
- d) Eastern Beaches Natural Hazard Overlays - Landslide and Flooding (Map OM4.3);
- e) Eastern Beaches Natural Hazard Overlays - Bushfire and Acid Sulfate Soils (Map OM4.4); and
- f) Eastern Beaches Natural Resources Overlay (Map OM4.5);

#### 7.1.2 General provisions for the assessment tables (Division 2);

#### 7.1.3 Assessment tables for material change of use in each zone in the locality as follows—

- a) Detached Housing Zone (Division 3);
- b) Semi-Attached Housing Zone (Division 4);
- c) Attached Housing Zone (Division 5);
- d) Visitor Mixed Use Zone (Division 6);
- e) Neighbourhood Centre Zone (Division 7);
- f) Community Services Zone (Division 8);
- g) Rural Settlement Zone (Division 9);
- h) Open Space Recreation Zone (Division 10); and
- i) Open Space Conservation Zone (Division 11);

#### 7.1.4 Assessment table for the locality – Development other than material change of use (Division 12); and

#### 7.1.5 The Eastern Beaches Locality Code comprising—

- a) General provisions for the Eastern Beaches Locality Code (Division 13);
- b) Overall outcomes for the Eastern Beaches Locality (Division 14);
- c) Specific outcomes for the Eastern Beaches Locality (Division 15);
- d) Specific outcomes for each zone in the locality including—

---

<sup>1</sup> The relevant overlay codes relating to the overlay maps are located in Part 13.

- e) Detached Housing Zone (Division 16);
- f) Semi-Attached Housing Zone (Division 17);
- g) Attached Housing Zone (Division 18);
- h) Visitor Mixed Use Zone (Division 19);
- i) Neighbourhood Centre Zone (Division 20);
- j) Community Services Zone (Division 21);
- k) Rural Settlement Zone (Division 22);
- l) Open Space Recreation Zone (Division 23); and
- m) Open Space Conservation Zone (Division 24).

## ***Division 2—General provisions for assessment tables***

### **7.2 Categories of development and assessment**

The categories of development and assessment for each type of development are identified in column 2 of Tables 7.1 to 7.10. The types of development are as follows—

- 7.2.1 Table 7.1 to 7.9 – making a material change of use for a defined use, another use in a defined use class, or an undefined use listed in column 1; or
- 7.2.2 Table 7.10 –development other than a material change of use, listed in column 1 and including—
  - a) Carrying out building work not associated with a material change of use;
  - b) Carrying out building work if demolition, relocation or removal of a building and not associated with a material change of use;
  - c) Placing an advertising device on premises;
  - d) Reconfiguring a lot;
  - e) Carrying out operational work associated with a material change of use where a Development Permit for material change of use has been issued;
  - f) Carrying out operational work associated with reconfiguring a lot where a Development Permit for reconfiguring a lot has been issued;
  - g) Carrying out operational work for the construction of a driveway for a detached house;
  - h) Carrying out operational works for prescribed tidal works;
  - i) Excavating or filling of land not associated with a material change of use; and
  - j) Other.

### 7.3 Assessment benchmarks for assessable development and requirements for accepted development

- 7.3.1 The relevant assessment benchmarks for development are referred to in column 3 of tables 7.1 to 7.9.
- 7.3.2 For *accepted development subject to requirements* and development requiring *code assessment*, the relevant assessment benchmarks and requirements for *accepted development* are the applicable codes<sup>2</sup>.
- 7.3.3 For *impact assessment* development, the development is assessed against the whole planning scheme.

### 7.4 Consistent and inconsistent uses in zones

- 7.4.1 In accordance with the following sections identified for the respective zones, a defined use or use class is noted in column 1 of the assessment table for making a material change of use for the relevant zone as either a consistent use or an inconsistent use in that zone—
  - a) Division 16 — Detached Housing Zone (Sections 7.11 and 7.12);
  - b) Division 17 — Semi-Attached Housing Zone (Sections 7.15 and 7.16);
  - c) Division 18 — Attached Housing Zone (Sections 7.19 and 7.20);
  - d) Division 19 — Visitor Mixed Use Zone (Sections 7.23 and 7.24);
  - e) Division 20 — Neighbourhood Centre Zone (Sections 7.27 and 7.28);
  - f) Division 21 — Community Services Zone (Sections 7.31 and 7.32);
  - g) Division 22 — Rural Settlement Zone (Sections 7.35 and 7.36);
  - h) Division 23 — Open Space Recreation Zone (Sections 7.38 and 7.39); and
  - i) Division 24 — Open Space Conservation Zone (Sections 7.42 and 7.43).

## ***Division 13—General provisions for the Eastern Beaches Locality Code***

### **7.5 Eastern Beaches Locality Code**

The following provisions comprise the Eastern Beaches Locality Code—

- 7.5.1 compliance with the Eastern Beaches Locality Code (Section 7.7);
- 7.5.2 overall outcomes for the Eastern Beaches Locality, including for each zone in the locality (Division 14);
- 7.5.3 specific outcomes and probable solutions for the Eastern Beaches Locality (Division 15);
- 7.5.4 specific outcomes and probable solutions for each zone in the Eastern Beaches Locality (Divisions 16 to 24).

### **7.6 Compliance with the Eastern Beaches Locality Code**

Development complies with the Eastern Beaches Locality Code if it—

- 7.6.1 fulfils the specific outcomes for the locality in Division 15; and
- 7.6.2 is a consistent use and fulfils the specific outcomes for the relevant zones (Divisions 16 to 24).

## ***Division 14—Overall outcomes for the Eastern Beaches Locality***

### **7.7 Overall outcomes for the Eastern Beaches Locality**

- 7.7.1 The overall outcomes are the purpose of the Eastern Beaches Locality Code.
- 7.7.2 The overall outcomes sought for the Eastern Beaches Locality are the following—
  - a) New uses and works are located, designed and managed to—
    - i. be compatible with other uses and works;
    - ii. maintain the safety of people and works;
    - iii. avoid significant adverse impacts on the amenity enjoyed by users of other premises, including acoustic and visual qualities;
    - iv. avoid significant adverse impacts on the natural environment, including native habitat removal, fragmentation and attrition; and
    - v. protect the natural beach experience and overall visual amenity for beach users;
  - b) Development is consistent with the Priority Infrastructure Plan in Part 15.
  - c) The locality is an elongated nodal development stretching along the David Low Way beside the coast, with boundaries generally defined by—

- i. Noosa National Park in the north;
  - ii. the Pacific Ocean in the east;
  - iii. the Shire boundary in the south; and
  - iv. Mary Ann Drive, Win Road, Clarendon Road, Lake Weyba and Noosa National Park in the west.
- d) The Eastern Beaches locality is a mature coastal urban area comprising five small communities, each with a separate identity;
- e) The Eastern Beaches Locality retains its primary role as a residential area, though continues to provide some visitor accommodation and a range of local retail and commercial functions at Sunshine Beach, Sunrise Beach and Peregian Beach;
- f) Urban development is limited to land within the Urban Footprint as shown on Map ZM4;
- g) The scale and form of buildings and other structures are—
  - i. designed to be responsive to the informal beachside character of the locality, being low rise buildings, with pitched or curved roofs and building materials that blend with the dune and coastal landscape;
  - ii. in keeping with the surrounding streetscape and landscape qualities;
  - iii. integrated into the topography and native *vegetation* of the dune system which dominates the locality; and
  - iv. consistent with the amenity and safety expectations of the community;
- h) Residential development is characterised by—
  - i. low impact buildings of a domestic scale within densely landscaped settings;
  - ii. building designs that are well articulated and that use design elements, materials that respect the coastal landscape character;
  - iii. building designs that avoid hard lines and boxy shapes characteristic of Mediterranean/Tuscan influenced design;
  - iv. Detached housing and Duplexes as the dominant development form; and
  - v. low rise Multiple housing development that is limited to the areas within the vicinity of the Sunshine Beach neighbourhood centre;
- i) Emphasis is placed on the protection and retention of low cost accommodation consistent with maintaining a diversity of accommodation types for visitors to the locality;
- j) The locality's complex dune system, forming protected valleys and exposed ridges leading to the Pacific Ocean or wetlands on the shores of Lake Weyba is protected;
- k) The rocky outcrop of Noosa Heads that forms the foundation of the dune and the deep depressions of the drainage systems define the boundary of developed communities and are protected;
- l) The especially deep eastern drainage systems including Sunshine, Burgess, Castaways, Marcus and Peregian Creeks are protected;
- m) Particular values of the landform and landscape are maintained and protected including—

- i. Lake Weyba and associated coastal wetlands which form an integral part of the vistas to the west;
- ii. the beach and the natural fore dune system stretching along the beachfront; and
- iii. the coastal dunes, creeks and lagoons;
- n) The large diversity of indigenous vegetation, supported by the dunes and wetlands including wetland communities, stunted heath land communities and higher eucalypt communities, are maintained and protected for dune stability and attractive vistas from the David Low Way and the beach;
- o) The fore dunes, coastal dunes and lowland habitats supporting a wide variety of fauna are protected;
- p) Where development is not served by sewerage infrastructure, there is no adverse impact on ground and surface water quality, human health and amenity as a consequence of the on-site disposal of effluent;
- q) The environmental and cultural heritage values of the locality are conserved and well managed;
- r) Areas of native remnant or regrowth vegetation, including their biodiversity and habitat values are protected;
- s) The beaches, *watercourses*, Weyba Lake system, Noosa National Park, high dunes and *wetlands* are protected and form the basis of an extensive, accessible and usable open space network extending beyond the locality;
- t) Access to the fore dune and beachfront areas is provided via formalised communal access points designed to protect dunal systems;
- u) Vegetated views from the beach and the David Low Way are protected from the potential impacts of development;
- v) Aircraft safety is maintained within the operational airspace of the Sunshine Coast Airport;
- w) Access to the coastal areas is maintained north-south along the David Low Way and provides constantly changing vistas of the ocean and vegetated dune system, curving between densely vegetated national park to the west and wallum plains;
- x) The northern part of the locality provides high levels of convenience and accessibility, via the David Low Way, to the urban services of Noosa Junction and Noosa Heads;
- y) The southern part of the locality provides moderate levels of accessibility to the urban services of Noosa Junction and Noosa Heads, and services at Coolum and Noosaville;
- z) Peregian Beach provides local convenience shopping, business and community services;
- aa) A range of sport, recreation and community facilities are provided in the north west of the locality, including sports ovals, schools, churches and a community hall with Peregian Beach also providing a community centre, tennis club and surf club;
- bb) An extensive open space system and passive recreation opportunities are offered by the foreshore parks and reserves and Noosa National Park;
- cc) Water supply and sewerage is provided to the urban communities of Sunshine Beach, Sunrise Beach, Castaways Beach, Marcus Beach and Peregian Beach;

- dd) In areas where sewerage is not available, development is constrained by the need for on-site disposal of effluent;
- ee) Development is established and integrated with the low dunes and vegetation;
- ff) For **Sunshine Beach**—
  - i. Sunshine Beach provides the highest proportion of Multiple housing for visitors and residents in the locality, though the scale of such developments is less than other accommodation complexes found in Noosa Heads and Noosaville localities;
  - ii. an extensive mix of housing and unit accommodation for both permanent residents and visitors is provided in a vegetated setting, amongst undulating to steep landforms;
  - iii. development maintains the casual lifestyle of Sunshine Beach and access to the beach, local shops, restaurants and urban services of Noosa Heads;
  - iv. development along the beach areas of Sunshine Beach, particularly larger buildings, does not visually intrude on the public beach;
  - v. development is predominantly of domestic scale and is well integrated with the natural landform and landscape of the surrounding area;
  - vi. views of buildings and structures from the beach are framed or filtered through vegetation;
  - vii. development makes a positive contribution to the amenity of the streetscape and the natural environment;
  - viii. the Sunshine Beach neighbourhood centre, zoned Visitor Mixed Use on Map ZM4, is characterised by mixed-use development that encourages an active street front; and
  - ix. the high quality building design within the Sunshine Beach neighbourhood centre, with its variation and separation of building forms, contributes to the casual beachside character and provides a popular meeting place for residents and visitors;
- gg) For **Sunrise Beach**—
  - i. Sunrise Beach provides a high proportion of **detached houses** and some **Multiple housing** and is attractive to families and permanent residents for its relatively easy access to the beach and local services and facilities;
  - ii. local shopping services, schools and other community facilities are located in Ben Lexcen Drive serving local residents both within and outside the locality, whilst higher order services are available in Noosa Junction and Noosaville; and
  - iii. development in the Sunrise Beach neighbourhood centre (on land zoned Neighbourhood Centre on Map ZM4, expresses a pedestrian scale, and provides integrated landscaping and car parking areas and allows opportunities for outdoor dining and meeting, which contributes to the character and vitality of the centre;
- hh) For **Castaways Beach**—
  - i. Castaways Beach provides detached housing for permanent residents in a secluded vegetated setting, with one area of **Multiple housing** to the east of David Low Way;

- ii. residential building forms include lightweight timber or cladding constructions and well articulated masonry styles;
  - iii. an integrated open space system provides safe links to the beach and other open space areas; and
  - iv. local shopping functions are accessed outside of Castaways Beach either at Sunrise Beach or Peregian Beach, or for higher order services, outside the locality;
- ii) For **Marcus Beach**—
- i. Marcus Beach provides predominantly detached housing for permanent residents within a secluded vegetated setting;
  - ii. local retail business functions are accessed outside of Marcus Beach either at Peregian Beach, or for higher order services, outside the locality;
  - iii. development maintains the Marcus high dune system as a key feature forming the only substantial break in the linear pattern of development between Sunshine Beach to the north and Peregian Beach to the south; and
  - iv. the low density coastal character of Marcus Beach is maintained and accentuated by mature vegetation, curving streets and undulating topography;
- jj) For **Peregian Beach**—
- i. Peregian Beach provides a mix of **detached houses, Multiple housing and Visitor Accommodation** for residents and visitors;
  - ii. **Multiple housing Type 2 Duplex** and **Visitor Accommodation Type 4 Conventional** are located in close proximity to the Peregian Beach neighbourhood centre shown in the Neighbourhood Centre Zone;
  - iii. a wide range of local **Retail, Commercial and Entertainment and Dining Uses** within the neighbourhood centre serve the immediate needs of residents and visitors of the locality;
  - iv. the neighbourhood centre provides an informal village-like atmosphere, with a low key, attractive and safe village square that engenders a ‘sense of place’ and a public focus for local community interaction and activity; and
  - v. the sense of arrival to the coastal communities of Noosa from the south is emphasised and enhanced;
- kk) For the **Detached Housing Zone**—single detached housing prevails that maintains—
- i. a low impact, low density development form of domestic scale;
  - ii. a high level of residential amenity and design quality;
  - iii. a coastal building style that integrates with the landscape and topography and respects the local climatic conditions; and
  - iv. landscaping amongst buildings, retaining trees and vegetation wherever practical;
- ll) For the **Semi-Attached Housing Zone**—residents are accommodated in **Detached housing** forms or **Duplexes** that—

- i. provide a low impact, low density development which respects the domestic scale of surrounding detached housing;
  - ii. offer a high level of residential amenity, design quality and safety; and
  - iii. express a coastal building style that integrates with the landscape and topography;
- mm) For the **Attached Housing Zone**—residents and visitors are accommodated in predominantly **Multiple housing** forms that—
  - i. contribute to a high level of residential amenity, design quality and safety;
  - ii. respect the scale and character of the streetscape and surrounding development; and
  - iii. express a coastal building style that integrates with the landscape and topography;
- nn) For the **Visitor Mixed Use Zone**— **Business Uses** are integrated with **Multiple housing**, where development—
  - i. typically provides for local **Business Uses** on the ground floor that promote an active street front;
  - ii. provides **Business Uses** that directly service visitors and residents in the local area;
  - iii. contributes to the economy of Noosa through tourism and hospitality; and
  - iv. include entertainment and dining activities which may operate into the evenings and include live music which creates a vibrant atmosphere;
  - v. provides for strong pedestrian and visual connections between private development and adjacent public spaces;
  - vi. has a scale and bulk consistent with surrounding residential development;
- oo) For the **Neighbourhood Centre Zone**—
  - i. the Peregrin Beach and Sunrise Beach neighbourhood centres form focal points for the communities providing local shops, offices, restaurants and limited higher order functions to support the day to day needs of residents and visitors;
  - ii. retail, commercial and medical functions are of a convenience nature and residents will access higher order goods and services at Noosa Heads, Noosaville or outside of Noosa Shire;
  - iii. **Business Uses** are of a scale and character consistent with the locality and the commercial and retail hierarchy of Noosa; and
  - iv. development provides for strong pedestrian and visual connections between private development and adjacent public spaces;
- pp) For the **Community Services Zone**—
  - i. is protected and managed to enable the efficient and timely delivery of community and infrastructure uses; and
  - ii. provides for the infrastructure, indoor recreation, education, social and safety needs of the local community, including people with special needs, such as the elderly, children, low income earners and disabled persons;

- qq) For the **Rural Settlement Zone**— Detached housing on large lots—
  - i. is the dominant building form, to the general exclusion of other uses;
  - ii. incorporates designs that respond to, and are integrated with, the landscape and topography;
  - iii. contributes to the semi-rural or open space character and amenity of the area; and
  - iv. offers a relaxed rural lifestyle for residents;
- rr) For the **Open Space Recreation Zone**—areas of open space contribute to the desired lifestyle of residents by offering a variety of passive and active recreational experiences that are conducive to community interaction and wellbeing; and
- ss) For the **Open Space Conservation Zone**—natural environmental values of high order and warranting conservation status are—
  - i. protected for their importance in contributing to *ecological sustainability* including maintenance of water quality and provision of habitat and open space linkages; and
  - ii. appropriately managed to the general exclusion of development or any further subdivision of freehold lots.
