10<sup>th</sup> June 2021

### Parking improvements in Noosa Sound, Noosa Heads

Noosa Council would like to advise residents of improvements planned for parking in residential streets in the Noosa Sound area at Noosa Heads.

Given the proximity of Noosa Sound to Hastings Street and Main Beach, there is high demand for parking. Council has investigated ways to try and find a balance between the supply and demand of public parking spaces. The changes to parking will be introduced in mid July 2021.

#### Introduction of designated car parks

Designated car parks will be marked and new no stopping lines installed in the following streets:

- Peza Court
- Cooran Court
- Lagoon Drive
- Key Court
- Ravenwood Drive
- Mossman Court
- Belli Street
- Wesley Court
- Witta Circle.

The trial of a similar arrangement in other Little Cove streets has had a positive impact on traffic efficiency and safety.

The designated car parks will safely maximise use of the on-road parking space, while encouraging better parking practices. The yellow No Stopping lines will prohibit parking in locations where vehicles cannot safely park.

#### Parking issues in the community

Parking in Noosa is regulated by local and state legislation, and motorists are required to comply with these rules.

Residents are invited to contact Council's customer service centre to have a parking officer attend to any issues relating to parking on footpaths, footpath ramps or across driveways, and vehicles parked straddling kerbs causing an obstruction.

#### Contact us

If you would like further information or have any questions, you can contact Council by:
