

## Tewantin - new multipurpose facility at Noosa District Sports Complex

### Project update

Council is committed to delivering infrastructure that supports local sports clubs and the future needs of the wider community. As part of this commitment, works will begin on a new multipurpose facility at the Noosa District Sports Complex on McKinnon Drive, Tewantin.

This project will provide additional facilities to support several sports clubs based at the complex, including cricket, netball, pickleball, and car clubs.

### Scope of works

Works will include:

- four players change rooms including toilets
- a kitchen
- six spectator unisex toilets (two disability compliant)
- storage space, first aid and umpire rooms
- a large multi-purpose area
- solar panels.

### Timing

Construction is scheduled to commence on Tuesday 14 February 2023, with completion due late June 2023, weather permitting.

### Community impact

Construction signage and safety barriers will be in place for works being undertaken where required, with minimal community impact expected.

### Funding

The project is jointly funded by the Australian and Queensland Governments in association with Noosa Council and the Australian Cricket Infrastructure Fund.

Funding was also received from Zero Emissions Noosa to support the installation of solar panels, which will help reduce the facility's carbon footprint and support Council's net-zero emissions target.

Your patience during these works is appreciated.
