

June 2026

Black Mountain Road, Black Mountain

Noosa Council would like to provide an update about repairs to landslide damage on Black Mountain Road at Black Mountain. Minor landslide damage was sustained at two separate locations.

The Queensland Reconstruction Authority has now approved funding for repairs, which resulted from the Western Queensland Surface Trough storm in 2025.

Repairs on Middle Creek Road, Federal will also be completed as part of this contract. Works at these locations have been packaged together, so traffic management can be co-ordinated and motorist impacts minimised, where possible.

Timing

The construction tender has now been released to market, with an outcome expected in mid-July.

It is anticipated works will take about four months, weather and site conditions permitting.

Construction details

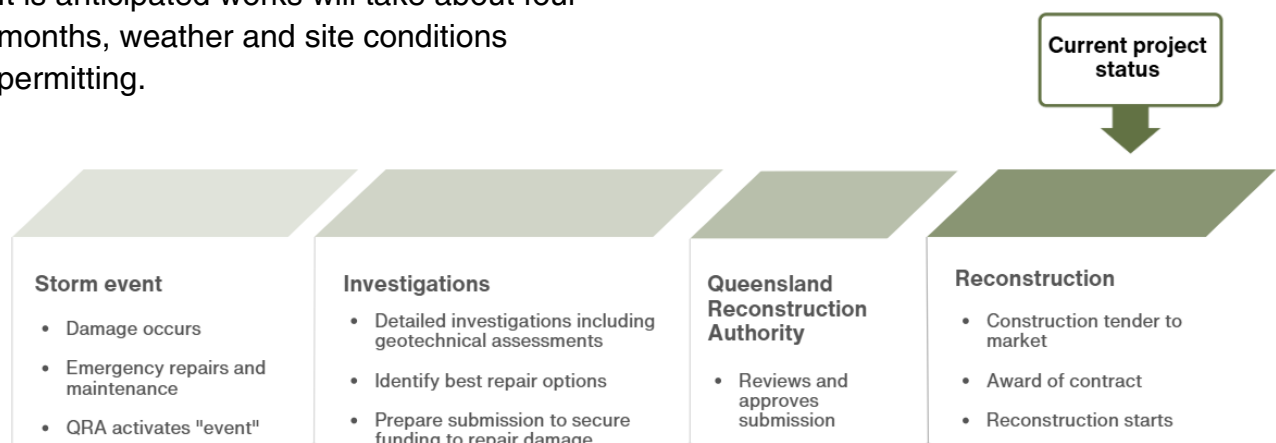

The design includes provision for road access during construction. The successful tender will confirm the specific timeframes and traffic impacts and we will work with the contractor to minimise impacts for residents.

We have already reached out to school bus providers, Australia Post, and Council waste services to minimise disruption, and we will keep the community informed.

We appreciate the community's ongoing patience and their interest in the upcoming works.

During the tender period, we are limited in what we can discuss about construction, but welcome any other questions from the community.

You can contact us via return email or mail@noosa.qld.gov.au with the subject line: Black Mountain Road DRFA2025.

Upcoming works

Hazel Bros will be on site in coming weeks to complete minor repairs at the original landslide location.

Works will be completed from **Monday, 29 June to Friday, 3 July** between 6am and 6pm. A single-lane closure will be in place during work hours. Please drive to the changed conditions, follow signage, and allow additional travel time.
