General Fees and Charges

Fees and Charges are classified as either cost recovery or commercial. All Cost Recovery fees for applications and related functions and for giving of information kept by Council have been adopted by Council under Section 97 of the Local Government Act 2009. All commercial fees for the provision of services which require a GST payment have been adopted by Council under Section 262(3)(c) of the Local Government Act 2009. All fees, unless otherwise specified are GST exempt.

Management is delegated the flexibility to adjust hire fees and charges to have the ability to negotiate with event organisers, commercial and community hire requests. The CEO is delegated the flexibility and authority to adjust fees and charges when required to meet market demand and changes to cost inputs.

Staff may be provided with discounted fees for access to Council operated sports facilities, including fitness and wellness activities, where provided for in Council's current Certified Agreement, as approved by the Queensland Industrial Relations Commission.

Animals

Ferry Service

Council's Noosa River Cable Ferry Service offers reduced fares (concession passes) and prepaid vouchers (concession tickets) for the following categories of fares:

Categories	Concession Passes	Conveys	Prepaid Voucher Entitlements
Workers	1 x daily worker	- Cars/Utes/Motorcycles/Pedestrians/Bicycles up to 4.5 Tonne GVM for \$0.50. One way fare. - Trailers up to 9.75m or 4.5 Tonne GVM (Workers conveying work tools – NOT materials) for \$0.50. One way fare. (Transiting Materials incur full fares). - Over 9.75m or 4.5 Tonne GVM incur full fare.	NIL
Owner Occupiers	1 per residing person	- Cars/Utes/Motorcycles/Pedestrians/Bicycles up to 4.5 Tonne GVM for \$0.50. One way fare. - Trailers/Boats or Caravans up to 9.75m or 4.5 Tonne GVM for \$0.50. One way fare. - Over 9.75m or 4.5 Tonne GVM incur full fare.	An Owner Occupier property is entitled to apply for up to 100 prepaid vouchers per annum.
Resident renters / Residing children	1 per residing person	- Cars/Utes/Motorcycles/Pedestrians/Bicycles up to 4.5 Tonne GVM for \$0.50. One way fare. - Trailers/Boats or Caravans up to 9.75m or 4.5 Tonne GVM for \$0.50. One way fare. - Over 9.75m or 4.5 Tonne GVM incur full fare.	NIL
Non-resident rate payers	2 per non resident rate payers	- Cars/Utes/Motorcycles/Pedestrians/Bicycles up to 4.5 Tonne GVM for \$1.00. One way fare. - Trailers/Boats or Caravans incur full fare.	A Non Resident Rate Payer property is entitled to apply for up to 20 prepaid vouchers per annum if there is a dwelling on the property Vacant Land/Sheds are NOT entitled to prepaid vouchers.

Prepaid Vouchers can only be used for Cars/Utes/Motorcycles up to 4.5 Tonne GVM and not for transiting trailer/caravans/boats/trucks etc which will incur a full fare.

The entitlement to reduced fares and prepaid vouchers is not transferable and cannot to be used to convey groups of ineligible persons or vehicles at a reduced ferry fee. Misuse of the reduced fare entitlements and prepaid vouchers when granted may render them void, with all future travel at the relevant ferry fees.

The reduced fare entitlements and prepaid vouchers are immediately cancelled if employment, residency or land ownership ceases.

Full details of reduced fares and concession entitlements for the North Shore ferry can be found on Council's website.

Footpath Trading

Goods on Footpath

The permit period for Goods on Footpath is 1 August to 31 July each year, with renewals payable by 31 August.

Footpath Dining

Footpath Dining renewals with an annual fee of \$3,000 or less are due by 31 August each year.

All other renewals will be invoiced quarterly and payable on the following dates:

First quarter (1 August to 31 October)	Due by 31 August
Second quarter (1 November to 31 January)	Due by 30 November
Third quarter (1 February to 30 April)	Due by 1 March
Fourth quarter (1 May to 31 July)	Due by 31 May

Footpath Trading Pro Rata Fees

Pro rata fees apply for new Footpath Dining only (does not include renewals).

Goods on Footpath Permits are not eligible for pro rata fees.

Footpath Trading Permits

Any Footpath Trading Permit Fee not paid by the due date may incur a Footpath Trading Administration Fee.

Permits are not transferable.

Refunds are subject to the below assessment criteria.

- If the business has traded for in excess of 6 months, then no refund will be issued.
- If the applicant can demonstrate extenuating circumstances and provide documentary evidence, then a refund may be considered.
- Where a fee has been charged in error by Council or where an applicant has paid more fees than are required (i.e. overpayment or double payment) then a refund will be issued.
- A change of mind by the applicant is not an error.

------	----------------------------------	--------------------------	-----	----------

Waste Management

Approval must be obtained for disposal of Regulated Waste before disposal. Charges will be determined by Council as part of the approval process.

For all loads of material that were initially accepted and charged as clean Construction and Demolition Waste and subsequently suspected of being contaminated (e.g. asbestos), no refund will be applicable to the customer who chooses to remove the load from site.

Green Waste – vegetation waste arising from maintenance of parks, gardens, and land, and not mixed with other types of waste. Excludes processed timber and wood, putrescible wastes such as fruit and vegetable produce and trunks of trees and plants with a diameter greater than 30cm.

Dead Animals Large - 24 hrs notice required prior to disposal.

Weighed transactions occur and disposal is charged on a unit rate per weight, when a vehicle and/or attachment load is in excess of 500kgs. If a load of waste upon arrival is estimated be in excess of 500kgs, but as a result of the weighing process found to be less, disposal charges shall be calculated using the schematic schedule. Additional individual items charge also apply for nominated waste types e.g. tyres.

To be applied to cyclic type services (e.g. 8 or 12 weekly) and for when a resident requires an extra service outside of and in addition to their scheduled frequency. Charge is for up to a including 5000 litres per service. Excess litres (> 5000 litres) will be charged at the extra litres rate.

Volume transactions only (i.e. charging on volumetric quantity rather than weight) occur at sites without a weighbridge, or if a weighbridge is unserviceable at the time of transaction. Additional individual items charges also apply for nominated waste types e.g. tyres.

Weighed transaction occurs to commercial loads over 500kg. All other loads are to be treated as per the schematic for the relevant vehicle size transporting the material.

Disposal charges under the schematic schedule i.e. small, medium and large are a guide only and not intended to cover every possible vehicle configuration. The description of quantity is the basis for charging, not the pictorials of vehicle configuration. Additional individual items charges also apply for nominated waste types e.g. tyres.

Construction and Demolition Waste includes clean and mixed timber.

The State Government imposed Waste Levy applies to all waste that is disposed to landfill, this includes General, Commercial and Regulated Waste. Accordingly, Council's fees & charges incorporate this waste levy where required.

For further details on the waste levy can be found on the Queensland Government website.

Development & Planning Fees and Charges

Payment of Fees and Lodgement of Applications

The required fee should accompany the application unless it is clearly subject to a concession as set out below. Applications not accompanied by the required fees will be considered "not properly made" and Council will notify the applicant advising of the relevant fee to be paid.

Applications that are accompanied by cheques or paid by credit card may be mailed to:

Noosa Council
PO Box 141
Tewantin Qld 4565

Subsidy For Community, Sporting and Religious Organisations

Council's policy for waiver of fees for non-profit community organisations recognises the importance of the community facilities which are provided and maintained by non-profit organisations for the benefit of the wider community.

Council seeks to provide financial assistance to these organisations on a "needs" basis. Any non-profit, volunteer, charitable, community, sporting, religious organisation not in possession of a permanent liquor or gaming licence is eligible for a 50% reduction in development application fees (including any prelodgement meetings).

A request for a reduction in application fees should be made in writing and accompany the application. The request must demonstrate the eligibility of the applicant as a community, sporting or religious organisation. At the time of lodgement of the application, the organisation must provide verifiable written proof that the organisation is either registered with the Australian Taxation Office (ATO) as a charitable / non profit organisation, or alternatively registered with the Office of Fair Trading under either the Associations Incorporation Act or Corporations Act.

Waiver of Development Application Charges

The Director Development and Regulation has delegated authority to determine to partially or wholly waive a Development Application Fee where strict application of the scheduled fee is obviously unreasonable for the type of application being received.

Refunds

If a request/application is withdrawn/lapses before it is decided by Council, a refund will be given depending on the processing stage at the time of withdrawal as follows:

90% Application Stage
80% Application Stage (After Confirmation Notice has been issued)
60% Information and Referral Stage
30% Notification Stage
10% Decision Stage

No refund is applicable once a decision has been issued by the Council.

Where a request/application for any matter is withdrawn, an administration fee will also be retained.

Calculating Application Fees

For developments that are identified as impact assessable and inconsistent under The Noosa Plan a fee multiplier of 3 will apply to the required fee. Where the use and/or works (or part thereof) have been carried out without Council approval a fee multiplier of 2 will apply to the required fee.

For developments that are non-compliant with a scheme provision that is measurable such as site cover, gross floor area/plot ratio, height in storeys/metres, and car parking number etc a fee multiplier of 1.5 will apply to the required fee, with detached houses only charged where there are multiple non-compliances (i.e. more than 1). A separate fee applies for consideration of setback matters (alternative siting provisions).

Request for an Application to be considered under a Superseded Planning Scheme

A request for an application to be considered under the Superseded Planning Scheme is to be accompanied by the base fee plus the required fee.

Preliminary Approvals

Applications for a variation request as per the Planning Act 2016 shall be 125% of the fees for the applicable uses or types of development (included predicted Reconfiguring of Lot) as for a development permit.

Name	Year 26/27 Fee (incl. GST)	Legislative Reference	GST	Fee Type
------	----------------------------------	--------------------------	-----	----------

Development & Planning Fees and Charges [continued]

Combined Applications

Applications can be lodged at the same time involving more than one development type (e.g., Material Change of Use / Reconfiguring a Lot / Operational Work). Full fees are payable for each development type included in an application.

Material Change of Use within an Existing Building

If an application involves a Material Change of Use within an existing or approved building, the application shall be discounted by 25%, subject to the proposed use being identified as a consistent use with the site's zoning. The discount shall not apply to short term accommodation in existing dwellings.

Undefined Use Applications

Where an application involves a use that is not defined in the applicable Planning Scheme or is not specifically provided for in the Schedule of Fees and the use or application could not reasonably be included in a category that is provided in the Schedule of Fees, Director Development and Regulation shall determine the fee.

Consultants Costs

The cost of external consultant's fees for any further assessment or advice required by Council in consideration of any application or submission and / or technical report will be charged to the applicant, including re-submissions. The cost must be paid prior to the issue of a Confirmation Notice otherwise the application will be considered "not properly made" until the quoted amount is paid. A written quote from the consultant will be obtained and provided to the applicant.

Appointment for Prelodgement Meeting

This service is to identify and provide preliminary advice on major issues related to a development proposal and to explain application processes to proponents. The appointment will be booked upon lodgement of an application form and payment of the administration fee.

Multiple Dwellings

In calculating the fee for multiple dwellings, the fee shall be calculated as shown in the following example:

Multiple dwelling fee example for 7 units, the fee is calculated as:
 $(3 \times \$3,846) + (4 \times \$1,554) = \$17,754$

Other Change Applications (Other than for a minor change to a development approval)

An application to change a development approval, other than a minor change to a development approval shall be the fees for the applicable uses or types of development.

Development Lease Subdivision Plans

The assessment of development lease subdivision plans shall be as per reconfiguring a lot fees.

Change to Development Application

Where a change to a development application is made, prior to a decision notice being issued, the fee will be based on the changes made (e.g increased use area, number of lots), the type of development and at what part of the development assessment process the change was made.
